
WLGS 7 Greendykes (P-RIGS) [NT 087 736] (Figure 28)

[WLC site description](#)

[Part of the Strathclyde Group sites](#)

Other designations: SAM (Greendykes shale bing, Broxburn)

Greendykes is the largest of West Lothian's oil-shale bings and towers nearly 100 m above the town of Broxburn. The bing is protected as a scheduled monument and provides habitats for a wide range of locally threatened flora and fauna, such as wormwood, hares, red grouse and skylarks and badgers
